

# Hooked Zpagetti

Zpagetti Doily rug

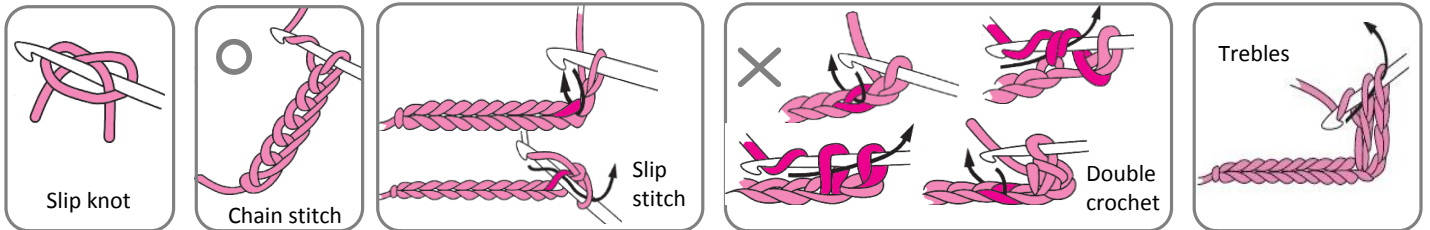

## Zpagetti Doily Rug

### What you need:

1 roll Zpagetti 120 meter (or 2 half balls)

1 crochet hook 12 mm

For this pattern we have used below basic stitches in UK terminology: check the table below for US conversion

An important attribute of Zpagetti is that the width and texture of the yarn varies so it is important to regularly check the size and shape of the floor item that you are making.

In this table you will find conversion from UK to US crochet terminology:

UK = US

Double crochet = Single crochet

Treble crochet = Double crochet

12 mm crochet hook = 16 crochet hook

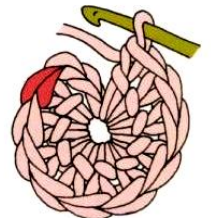

60 cm = 23.62 inch

### Step 1: Crochet a round piece for the top of the cushion

The basis of the Rug consists of 1 round crocheted piece with a diameter of approximately 50 cm. You start by making a slip knot followed by 5 chain stitches. Join the last chain stitch with the first chain stitch by using a slip stitch to form a ring. You will then continue with trebles.

**Please note:** when crocheting you can choose to pick up one loop or both loops of the stitch. If you pick up one loop, you will get a horizontal line as show in the picture above.

*Increasing:* You will now crochet 8 rounds.

Round 1: crochet 12 trebles into the ring

Round 2: crochet a turning chain of 3 and proceed with 3 trebles into a stitch, followed by a slip stitch, repeat 7 times = 24 stitches

Round 3: crochet 2 trebles into every second stitch and crochet 1 treble into the other stitches = 36 stitches

Round 4: crochet 2 trebles into every third stitch and crochet 1 treble into the other stitches = 48 stitches

Round 5: crochet a chain of 5, skip 2 stitches and attach onto the 3rd stitch of previous row with a slip stitch, then crochet 5, skip 2 etc.. repeat this round-about. You will now get loops.

Round 6: Crochet 3 double crochet around each loop and finish with a slip stitch

Close every round with a slip stitch. When closing you can also join a new colour.

**Tip:** Do you have many left overs? Combine different colour tones in this rug. Change colour when closing the row with the sc. This rug can be made larger and larger. Just skip round 6 and continue crocheting: whilst increasing with 12 stitches per row. Use zpagettis with a similar width to create a nice even structure.
